Education is the apprenticeship of life. Our vision is to provide value-based education with new innovations and ideas so that our pupils grow into aesthetically rich, intellectually aware and integrated young people, capable of fulfilling their dreams and aspirations. Our vision is to strengthen the basic foundation and thereafter allow the latent talent to fully develop. Creative energies need a caring & nurturing environment and this is what we endeavor to provide.

- Our Vision is to equip the child to take on the world with confidence and blaze a trail through life independently.
- Our Objective is to make learning an important resource for the child's social behavior and personality.
- The path we choose is to provide value based education to accomplish the objective.

Learning is enabling the individual to utilize his/ her potential to its fullest. Without education, the development of the human mind is incomplete

To achieve these objectives, this unique educational institution seeks to blend the beauty of traditional cultural values with the latest in teaching aids and methodology to optimize learning, open young minds and empower young people to become global citizens who stand tall and live with courage and conviction, carving a niche for themselves wherever they go.

Message from Principal

Dear Parents and Guardians,

On behalf of the staff at G.D. Goenka International School Raipur, I am happy to welcome you to the 2023-24 school year! We are looking forward to a productive partnership with you to ensure that our children can achieve their highest potential. We recognize that to be successful in school, our children need support from both home and school. We know a strong partnership with you will make a significant difference in your child's education. As partners, we share the responsibility for our children's success and want you to know that we will do our very best to carry out our responsibilities.

Our theme for this year is: "Promoting Excellence through Determination and Hard work". We ask that you guide and support your child's learning by ensuring that he/she:

- Attends school daily and arrives on time, ready for the day's learning experience.
- Completes all homework and assignments given by teachers.
- Reads daily to develop a love for reading and to improve literacy skills.
- Shares school experiences with you so that you are aware of his/her school life.
- Informs you if he/she needs additional support in any area or subject.
- Knows that you expect him/her to succeed in school and go on to college / university.
- It is hoped that this standard will not only be maintained but improved upon as we promote and celebrate excellence through determination and hard work.

There are many discussions about the need for education to be different and it sometimes feels as if we are living in an echo chamber with everyone agreeing that change needs to happen. We have introduced more interesting and organized teaching pedagogies to ensure we provide 'Quality Teaching'. Some of the changes are:

- Guided Reading, which is separated from our Literacy Hour.
- Achieving Deep Learning in all subjects across the school.
- Introduction to Maths Mastery in the Primary Department.
- Improved observation and assessment in Early Years.
- Generate children's/ students' interest in Mathematics in both Primary and Secondary level.
- Promote excellent writing and reading skills across Early Years, Primary and Secondary level.
- Introducing SPG (Spelling Punctuation and Grammar) as part of our English Lessons.
- Use of Emotional Intelligence in supporting the welfare of children.
- 'Every Child Matters' agenda and support for children with learning difficulties.
- A keen sense of discipline will be inculcated in all children and staff.
- Weekly monitoring of children's work throughout the school.

We have recruited some experienced and outstanding teachers to join our team.

We complement our academic curriculum with our interesting Co-Curricular Activities. These will help our children to be well-rounded and well-grounded. Please ensure that your child/ children sign up for a Co-curricular activities. The school has an improved behavior management system, and this is supposed to help the children to show excellent attitude towards learning and other people. G.D. Goenka International School Raipur is seriously moving into 'Inquiry Based Learning' of which 'Assessment for Learning' plays an integral role. This will equip our children with an excellent sense of reasoning and high confidence. Honestly, significant positive changes will be taking place this academic year and some of these changes will be expatiated at the Parents' Teachers' Meeting.

Please do not hesitate to contact or book an appointment to see the school principal if you wish to discuss any issues or challenges regarding your child.

I feel privileged to be a part of this school family. We thank you for your support and look forward to meeting you.

HARELI CELEBRATION

"Hareli" is an important festival of Chhattisgarh. It is a significant part of Chhattisgarh's local culture and traditions, especially for the farmers. After the rice harvest, people express their joy and happiness during Hareli and celebrate it with great enthusiasm.

In order to accentuate the significance of this environmental dedication, G.D. Goenka International School orchestrated the Hareli Festival on July 15, 2023. The festival "Hareli" is deeply rooted in the folk culture and agricultural heritage of Chhattisgarh, serving as a testament to the nexus between traditional farming practices and environmental consciousness. Regarded as the inaugural festivity of the year, Hareli witnesses farmers venerating their agricultural implements and iron tools, right after the sowing of rice. On this occasion, senior students eloquently addressed the younger pupils through their speeches, fostering awareness about the festival's essence. Subsequently, the program unfolded with recitations of Chhattisgarhi poetry and captivating performances of renowned Chhattisgarhi dance forms by the senior students, accompanied by the rendition of the state song, culminating the event. An exhibition showcasing Chhattisgarhi traditional culinary delights and meticulously crafted ornaments by the students was also thoughtfully arranged.
