

# HOLIDAY engagement

CLASS -X

## FROM THE PRINCIPAL'S DESK....

*If Life were predictable, it would cease to be life, and be without flavor.*

Dear Students,

These Summer months of May and June help us to take stock of ourselves as we rest, replenish our minds and get revitalized for the busy months ahead. The holidays ensure perfect family time and opportunities for travel and pursuing interests and hobbies.

They say that an umbrella, a book and the mind only work when open !!! So let us open our minds and embrace the various ways in which we can enhance our thoughts, empower our learning and expand our knowledge during the summer break.

The Summer Holiday Engagement of 2023, comes with a special intent and purpose.

Each challenging and interesting project will take you on a journey....a journey of self discovery and introspection.

Every task will have a significant FUN quotient as well as an inherent reward of knowledge attained.

Almost all options will require a bit of family involvement because we want our Goenkan minds to communicate and collaborate with friends, parents and siblings. In our educational experience, we should always keep pace with our surroundings for which social interactions are the key.

In my opinion, all efforts are appreciated and I value the importance of creativity and individual strengths of all students.

Hope everyone enjoys the roller coaster ride and the overall impact of learning from this Goenkan initiative of the Summer Holiday Engagement 2023-24.

Let us reinvent ourselves through mutual sharing, working together and internalizing progressive ideas.

## ENGLISH

- Read the section, Glimpses of India, on page 85 of your textbook: First Flight. Based on this -

Choose a destination in India which is on your wish list for the winter vacations. Create 2 pages about this place which includes : things to do / places to see / food trail/ places or people of interest. Add relevant pictures and information. Give your reason for wanting to visit.

## FRENCH

“The world is a book and those who do not travel read only one page.” - Saint Augustine

### Instructions:

1. Choose any one topic for your project work.
2. **Project** in a scrapbook (12-15 pages) to be submitted to the subject teacher and make a **Powerpoint Presentation** (12-15 slides) to be shared in [gdgishoneysoni@gmail.com](mailto:gdgishoneysoni@gmail.com)
3. The project work shall be assessed on the following parameters - content, illustrations, originality and creativity.

### Work Specification:

#### **TOPIC 1: ROLE OF MATHEMATICS IN MEDICINE AND LIFE SCIENCES -**

Math is a crucial part of medicine. All the graphs, equations, statistics, and general math help us to understand important aspects of human and veterinary medicine, biology, and science in general.

Elaborate with the help of relevant information and pictures/graphs /tables/ illustrations/ examples and create a colourful album.

**TOPIC 2: APPLICATIONS OF ALGEBRA IN DAY-TO-DAY LIFE** - Have you ever wondered how Algebra may be applied to solve real-life problems? We regularly see people using Algebra in many parts of everyday life, examples - Outdoor Landscaping, Home Improvement, Logical Thinking, Technology, Business, Marketing and Finance Management.

Elaborate any three from the above examples with the help of relevant information and pictures/graphs/tables/illustrations/examples and create a colourful album.

- Practice Questions to be done in the **ORANGE REGISTER**.

[practice question.docx](#)

## SOCIAL SCIENCES

### CBSE Project Work

**Objectives:** The overall objective of the project work is to help students gain an insight and understanding of the theme and see all the Social Science disciplines from an interdisciplinary perspective. Students will be able to apply their prior conceptual knowledge that they have learnt over the years in order to prepare the project report. The project work will help in art integration, enhancing the life skills of the students.

**Topics:** Social Issues **OR** Sustainable Development

**Sustainable development** is based on optimum and judicious use of resources, their conservation; reuse, reducing and recycling resources; sustainable use of waste generated by a number of factories.

**Social Issues** - Any one of the following social issues- poverty, child labor, gender inequality, unemployment, caste, literacy, hunger, dowry system can be taken up. You can present your project to discuss the topic, prevailing conditions and solutions to tackle the problem.

## INFORMATION TECHNOLOGY

Make a concept map or conceptual diagram on the topic “ Applications of computer Systems”.( Use A4 Size Paper )

**\*Date of Submission: 1<sup>st</sup> week of July\***

**\*Holiday engagements will be marked for internal assessment\***
